INDEPENDENT AUDITOR'S REPORT

Board of Directors Twin Rocks Sanitary District Rockaway Beach, Oregon

Opinions

We have audited the accompanying modified cash basis financial statements of the business-type activities and each major fund of Twin Rocks Sanitary District, Rockaway Beach, Oregon, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the business-type activities and each major fund of Twin Rocks Sanitary District, Rockaway Beach, Oregon as of June 30, 2023, and the respective changes in modified cash basis financial position thereof for the year then ended on the basis of accounting described in Note I.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Twin Rocks Sanitary District, Rockaway Beach, Oregon, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Basis of Accounting

We draw attention to Note I of the financial statements, which describes the basis of accounting. Twin Rocks Sanitary District, Rockaway Beach, Oregon, prepares its financial statements on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to that matter.

Emphasis of Matter - Change in Accounting Principle

As described in the notes to the financial statements, in the year ended June 30, 2023, the District adopted new accounting guidance: GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability of Arrangements*, Statement No. 96, *Subscription-Based Information Technology Arrangements*, Statement No. 99, *Omnibus* 202, and Statement No. 101, *Compensated Absences*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note I, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of Twin Rocks Sanitary District, Rockaway Beach, Oregon's
 internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of the
 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Twin Rocks Sanitary District, Rockaway Beach, Oregon's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Twin Rocks Sanitary District, Rockaway Beach, Oregon's basic financial statements. The individual fund financial statements and budgetary comparison information, if applicable, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund financial statements and budgetary comparison information, if applicable, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Report on Other Legal and Regulatory Requirements

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated September 21, 2023 on our tests of the District's compliance with certain provisions of laws and regulations specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Twin Rocks Sanitary District have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

A. Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. *Business-type activities*, which rely to a significant extent on fees and charges to external customers for support.

B. Reporting Entity

Twin Rocks Sanitary District, located in Rockaway Beach, Oregon, was established under the provisions of Oregon statues to provide sanitation facilities and services to the surrounding areas. The northern collection system was constructed in 1968. In 1977, the coastal communities of Barview and Watseco were incorporated into the District and the southern system was constructed. The District is typically governed by a five-member board of directors elected from the District at large. Each member is elected for a four-year term.

C. Basis of Presentation - Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The business-type activities incorporate data from the government's enterprise funds. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

D. Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the government's funds. The emphasis of fund financial statements is on major funds, each displayed in a separate column. All remaining funds are aggregated and reported as nonmajor funds. Major individual enterprise funds are reported as separate columns in the fund financial statements.

The District reports the following major proprietary funds:

<u>General Fund</u> – The General Fund is the District's primary operating fund. It accounts for all financial resources of the District except for those required to be accounted for in another fund. The primary source of revenue is user fees.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

Capital Projects Funds

SDC Reserve Fund - The SDC Reserve Fund is used to reserve funds for future system development. The primary source of revenue is transfers from the General Fund.

Revenue Bond Reserve Fund - The Revenue Bond Reserve Fund is used to reserve funds for future equipment purchases. The primary source of revenue is transfers from the General Fund.

Catastrophic Reserve Fund - The Catastrophic Reserve Fund is used to reserve funds for future catastrophic events and necessary capital outlays. The primary source of revenue is transfers from the General Fund.

Debt Service Fund

Revenue Bond Debt Service Fund - The Debt Service Fund is used to account for receipts and disbursements of long-term obligations. The primary source of revenue is transfers from the General Fund. The primary disbursements are for payment of principal and interest on long-term obligations.

Certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured, such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide and fund financial statements of the proprietary funds are reported using the economic resources measurement focus within the limitations of the modified cash basis of accounting, as described below. This basis recognizes assets, liabilities, net position, revenues, and expenditures when they result from cash transactions, with a provision for depreciation in the government-wide statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenues for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in the financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

If the District utilized the basis of accounting recognized as generally accepted, the fund financial statements and the government-wide financial statements would be presented on the accrual basis of accounting.

F. Budgetary Information

1. Budgetary Basis of Accounting

Annual budgets are adopted on the cash basis of accounting. The District budgets all funds in accordance with the requirements of state law. Annual appropriated budgets are adopted for the general, special revenue, debt service, capital projects, and enterprise funds.

The District begins its budgeting process by appointing budget committee members. The budget officer prepares a budget, which is reviewed by the budget committee. The budget is then published in proposed form and is presented at public hearings to obtain taxpayer comments and approval from the budget committee. The budget is legally adopted by the board of directors by resolution prior to the beginning of the District's fiscal year. The council resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. Total personnel services, materials and services, debt service, capital outlay, interfund transfers, and operating contingencies are the levels of control established by the resolution. The detailed budget document, however, is required to contain more specific detailed information for the aforementioned expenditure categories and management may revise the detailed line item budgets within appropriation categories.

Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriation resolution. Supplemental budgets less than 10% of a fund's original budget may be adopted by the board of directors at a regular council meeting. A supplemental budget greater than 10% of a fund's original budget requires hearings before the public, publication in newspapers, and approval by the board of directors. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the board of directors. During the year, there were no supplemental budgets. The District does not use encumbrances and appropriations lapse at year-end.

Budget amounts shown in the financial statements reflect the original budget amounts.

G. Assets, Liabilities, Deferred Inflows/Outflows of Resources and Net Position/Fund Balance

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

2. Investments

State statutes authorize the government to invest in legally issued general obligations of the United States, the agencies and instrumentalities of the United States and the states of Oregon, Washington, Idaho, or California, certain interest-bearing bonds, time deposit open accounts, certificates of deposit, and savings accounts in banks, mutual savings banks, and savings and loan associations that maintain a head office or a branch in this state in the capacity of a bank, mutual savings bank, or savings and loan association, and share accounts and savings accounts in credit unions in the name of, or for the benefit of, a member of the credit union pursuant to a plan of deferred compensation.

3. Capital Assets

Capital assets resulting from cash transactions, which include property, plant, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost where no historical records exist. The costs of normal maintenance or repairs that do not add to the value of an asset or materially extend its life are charged to expenditures as incurred and are not capitalized. Major capital outlays for capital assets and improvements are capitalized as projects are constructed. Land and construction in progress are not depreciated. The other property, plant, and equipment of the government are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Furniture and fixtures	5-10
Equipment	5-20
Plant and sewer systems	5-40
Buildings and improvements	20-40

4. Long-Term Obligations

In the government-wide financial statements and fund financial statements, long-term debt is reported as a liability in the applicable business-type activities statements.

5. Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

H. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes and other intentionally dedicated resources are reported as general revenues rather than as program revenues.

2. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary fund's principal ongoing operations. The principal operating revenues of the Sewer, Water, and System Development Funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues not meeting this definition are reported as nonoperating revenues and expenses.

I. Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

1. Excess of Expenditures Over Appropriations

During the year ended June 30, 2023, the District expended funds in excess of amounts appropriated as follows:

Fund	Category	App	Appropriation		penditures	Excess
Revenue Bond Debt Service	Debt Service	\$	153,214	\$	153,245	\$ 31

2. Public Contracts and Purchases

During the year ended June 30, 2023, the District did not retain and document the appropriate bids and/or quotes, as required by public contracts and purchasing regulations.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. Cash Deposits with Financial Institutions

The Twin Rocks Sanitary District maintains a cash and cash equivalents pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the fund financial statements as cash and cash equivalents. Additionally, several funds held separate cash accounts. Interest earned on pooled cash and investments is allocated to participating funds based upon their combined cash and investment balances. Investments, including amounts held in pooled cash and investments, are stated at fair value. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 72, Fair Value Measurement and Application, investments with a remaining maturity of more than one year at the time of purchase are stated at fair value.

The District participates in an external investment pool (State of Oregon Local Government Investment Pool). The Pool is not registered with the U.S. Securities and Exchange Commission as an investment company. The State's investment policies are governed by the Oregon Revised Statutes (ORC) and the Oregon Investment Council (OIC). The State Treasurer is the investment officer for the OIC and is responsible for all funds in the State Treasury. These funds are invested exercising reasonable care, skill, and caution. Investments in the Pool are further governed by portfolio guidelines issued by the Oregon Short-Term Fund Board, which established diversification percentages and specifies the types and maturities of investments. The portion of the external investment pool which belongs to local government investment participants is reported in an Investment Trust Fund in the State's Annual Comprehensive Financial Report (ACFR). A copy of the State's ACFR may be obtained at the Oregon State Treasury, 350 Winter St. N.E., Salem, Oregon 97310-0840.

Fair Value Measurement

Fair value is defined as the price that would be received to sell an asset or price paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Observable inputs are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are developed based on the best information available about the assumptions market participants would use in pricing the asset. The classification of securities within the fair value hierarchy is based on the activity level in the market for the security type and the inputs used to determine their fair value, as follows:

- Level 1 Unadjusted quoted prices for <u>identical</u> investments in <u>active</u> markets.
- Level 2 Observable inputs other than quoted market prices; and,
- Level 3 Unobservable inputs.

There were no transfers of assets or liabilities among the three levels of the fair value hierarchy for the year ended June 30, 2023.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

Fair values of assets measured on a recurring basis at June 30, 2023 are as follows:

	 Level 2
Investments:	
Oregon Local Government Investment Pool	\$ 744,176

Credit Risk

Oregon statutes authorize the District to invest in obligations of the U.S. Treasury and U.S. agencies, bankers' acceptances, repurchase agreements, commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record, and the Local Government Investment Pool. The District has not adopted an investment policy regarding credit risk; however, investments comply with state statutes.

Investments

As of June 30, 2023, the District had the following investments:

	Credit Quality				
	Rating	Maturities	Fa	Fair Value	
Oregon Local Government Investment Pool	Unrated	-	\$	744,176	

Interest Rate Risk

The District does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increases in interest rates.

Concentration of Credit Risk

The District does not have a formal policy that places a limit on the amount that may be invested in any one insurer. 100 percent of the District's investments are in the Oregon Local Government Investment Pool.

Custodial Credit Risk - Investments

This is the risk that, in the event of the failure of a counterparty, the District will not be able to recover the value of its investments that are in the possession of an outside party. The District does not have a policy that limits the amount of investments that can be held by counterparties.

Custodial Credit Risk - Deposits

This is the risk that, in the event of a bank failure, the District's deposits may not be returned. All District deposits not covered by Federal Depository Insurance Corporation (FDIC) insurance are covered by the Public Funds Collateralization Program (PFCP) of the State of Oregon, organized in accordance with ORS 295.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

The PFCP is a shared liability structure for participating bank depositories. Barring any exceptions, a bank depository is required to pledge collateral valued at a minimum of 10% of their quarter-end public fund deposits if they are considered well capitalized, 25% of their quarter-end public fund deposits if they are considered adequately capitalized, or 110% of their quarter-end public fund deposits if they are considered undercapitalized or assigned to pledge 110% by the Office of the State Treasurer.

In the event of a bank failure, the entire pool of collateral pledged by all qualified Oregon public funds bank depositories is available to repay deposits of public funds of government entities.

The District holds accounts at Umpqua Bank, for which deposits are insured by the FDIC up to \$250,000. At June 30, 2023, the District had deposits of \$250,000 insured by the FDIC and \$79,672 collateralized by the PFCP.

Deposits

The District's deposits and investments at June 30, 2023 are as follows:

Petty cash	\$ 100
Checking accounts	334,553
Total investments	 744,176
Total cash and investments	\$ 1,078,829
Cash and investments by fund:	
Business-type activities - unrestricted:	
General Fund	\$ 209,651
SDC Reserve Fund	199,985
Revenue Bond Reserve Fund	174,146
Catastrophic Reserve Fund	 278,419
Total business-type activities - unrestricted	 862,201
Business-type activities - Restricted:	
Revenue Bond Debt Service Fund	 216,628
Total cash and investments	\$ 1,078,829

Restricted cash is for repayment of principal and interest on long-term obligations.

Total capital assets	\$	6,900,782	\$	(3,976,068)	\$	2,924,714

C. Long-Term Liabilities

1. Changes in Long-Term Liabilities

The following is a summary of long-term liabilities arising from cash transactions for the year:

	Interest Rate	Original Amount	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
USDA Revenue Bond #1 USDA Revenue Bond #3	4.25% 4.25%	\$ 1,745,900 636,550	\$ 1,080,975 377,139	\$ - -	\$ 58,225 21,335	\$ 1,022,750 355,804	\$ 60,702 22,243
IFA Loan	4.22%	150,000	81,008		7,835	73,173	8,165
		\$ 2,532,450	\$ 1,539,122	\$ -	\$ 87,395	\$ 1,451,727	\$ 91,110

2. USDA Revenue Bond #1 and Bond #3

In 2005, the District issued sewer revenue bonds to finance the construction of local improvements within the District's wastewater collection system, which is pledged as collateral. The original amounts for Bond #1 and #3 were \$1,745,900 and \$636,550, respectively. Interest is fixed at 4.25%. The Revenue Bond Debt Service Fund has generally been used to liquidate the revenue bond liabilities.

3. IFA Loan

In May 2010, the District issued a loan in the amount of \$150,000 to finance the pump station rehabilitation project, which is pledged as collateral. Interest is fixed at 4.22%. The Revenue Bond Debt Service Fund has generally been used to liquidate the loan. The loan agreement requires revenues to be equal to 110% of the annual debt service on the loan.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

4. Legal Debt Limit

The District's legal annual debt service limit (as defined by Oregon Revised Statute 478.410) as of June 30, 2023, was approximately \$19,180,547. The District's legal debt service limit is 13.00% of the real market value of property within the District.

5. Business-Type Activities - Interest Expense

Interest expense was charged to functions/programs of the District as follows:

Business-type activities

Sanitary operations \$ 65,850

D. Interfund Transfers

During the year ended June 30, 2023, the District's interfund transfers were as follows:

	_	Transfers in: Revenue Bond Debt Service			
	_	Reve	nue Bond		
	_	Debt Service			
Transfers out: General Fund		\$	153,244		

IV. OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There was no significant reduction in insurance coverage from the previous year. There were no insurance settlements exceeding insurance coverage in any of the past three years.

B. Deferred Compensation Plan

Eligible employees of the District participate in an employer-sponsored deferred compensation plan under Section 457 of the Internal Revenue Code of 1986, as amended. Employees are considered eligible to participate upon employment. Benefits under the plan are fully and immediately vested from an employee's first day of participation. The District has contracted Variable Annuity Life and Insurance Company (VALIC) to provide the administrative services for those amounts of deferred compensation under the plan that employees have invested. Employees have the freedom to make pre-tax contributions by salary reduction subject to IRS limits and to select the investment options in which they are investing. For the year ended June 30, 2023, the District contributed \$9,563 to the plan.

C. New Pronouncements

For the fiscal year ended June 30, 2023, the District implemented the following new accounting standards:

GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability of Arrangements – This Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs).

<u>GASB Statement No. 96</u>, Subscription-Based Information Technology Arrangements – This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2023

GASB Statement No. 99, Omnibus 2022. This statement was issued April 2022 and enhances comparability in accounting and financial reporting to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to lease implementation, public-private and public-public partnerships and availability payment arrangements, and subscription-based information technology arrangements.

GASB Statement No. 101, Compensated Absences. This statement was issued to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

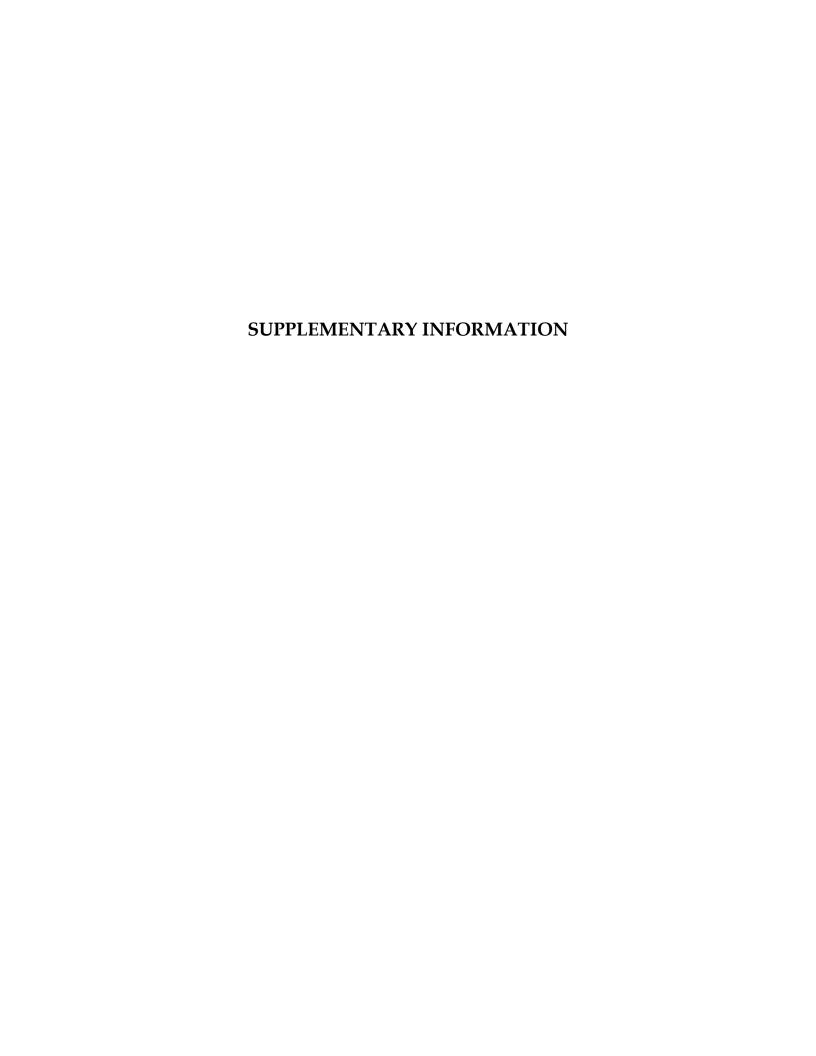

The District will implement applicable new GASB pronouncements no later than the required fiscal year. Management has not determined the effect on the financial statements for implementing any of the following pronouncements:

GASB Statement No. 99, Omnibus 2022. This statement was issued April 2022 and enhances comparability in accounting and financial reporting to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to financial guarantees and classification of derivatives.

GASB Statement No. 100, Accounting Changes and Error Corrections. This statement was issued to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

D. Subsequent Events

Management has evaluated subsequent events through September 21, 2023, which was the date that the financial statements were available to be issued.

AUDIT COMMENTS AND DISCLOSURES REQUIRED BY STATE REGULATIONS

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

Board of Directors Twin Rocks Sanitary District Rockaway Beach, Oregon

We have audited the basic financial statements of Twin Rocks Sanitary District as of and for the year ended June 30, 2023 and have issued our report thereon dated September 21, 2023. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Compliance

As part of obtaining reasonable assurance about whether Twin Rocks Sanitary District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes, as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures, which included, but were not limited to, the following:

Deposit of public funds with financial institutions (ORS Chapter 295)

Indebtedness limitations, restrictions, and repayment

Budgets legally required (ORS Chapter 294)

Insurance and fidelity bonds in force or required by law

Programs funded from outside sources

Highway revenues used for public highways, roads, and streets

Authorized investment of surplus funds (ORS Chapter 294)

Public contracts and purchasing (ORS Chapters 279A, 279B, 279C)

In connection with our testing, nothing came to our attention that caused us to believe the District was not in substantial compliance with certain provisions of laws, contracts, and grants, including the provisions of Oregon Revised Statutes, as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, except as follows:

1. Excess of Expenditures Over Appropriations

During the year ended June 30, 2023, the District expended funds in excess of amounts appropriated as follows:

Fund	Category	App	ropriation	Exp	penditures	Excess		
Revenue Bond Debt Service	Debt Service	\$	153,214	\$	153,245	\$	31	

2. Public Contracts and Purchases

During the year ended June 30, 2023, the District did not retain and document the appropriate bids and/or quotes, as required by public contracts and purchasing regulations.

This report is intended solely for the information and use of the board of directors and management of Twin Rocks Sanitary District and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these parties.
